**EMPLOYERS LIABILITY LAW.**—Wage-workers are peculiarly entitled to the protection and the encouragement of the law. From the very nature of their employment, they are, for instance, liable to be injured in doing the legitimate work of their profession, unless the railroad company takes the proper and ample provision for their safety. In fact, they are, in this respect, actually most, in most cases, only by the States themselves; but the lack of proper protection is a matter as child labor often renders it excessively difficult to establish protective restrictions upon the work in any other industry. It is, therefore, so that the worst tends to drag down the better. For this reason, it would be well to make the law a constant endeavor to secure comprehensive

**BUREAU OF CORPORATIONS.** The Bureau of Corporations has made careful preliminary investigation of many important corporations. It will make a special report on the beer industry. The policy of the bureau is to accomplish the purposes of its creation by cooperation, not antagonism; by conciliation, not hostility; by constructive prosecution, the immediate object of its inquiries; by conservative investigation of law and fact, and by refusal to take any action where the charges are clearly inaccurate reports. Its policy being thus one of open inquiry into, and not attack upon, business, the bureau has been able to gain the confidence of the public. As a result, the cooperation of men engaged in legitimate business. The bureau of

It is very desirable that married women should not work in factories, and that the mother should be able to be the bread winner; the prime duty of the woman is to be the mother, the housewife. All questions of tariff reduction stand on a different plane of importance when compared with the tremendous, the vital importance of trying to shape conditions so that these women can be fulfilled under reasonably favorable circumstances. **NEW IRRIGATION SCHEME.**  
TO CONSERVE FLOOD WATERS  
THE ASSOCIATED PRESS  
SANTA FE, N. M., Dec. 6.—William T. Hollister, president of the Santa Fe Irrigation District, here today to inaugurate the reservoir sites on the San Juan River, with a view to installing a series of dams to conserve the flood waters to irrigate the Hollister and San Juan valleys. Garret Hollister, president of the Hollister Irrigation Company, on the plant, which already has been authorized by the state legislature, plans to extend the irrigation.

WEDNESDAY, DECEMBER 7, 1904.

WASHINGTON

(Continued from First Page.)

President has changed very markedly since election day. Many Senators and Representatives said today it had been impossible for the President to have made any comment on the general southern question without stirring up bitterness and dissension.

The President's healthy recommendation for a Federal law to punish bribery in Federal elections came in very extensively commented upon. The message of the President is printed in full in other columns of the Times.—Ed.]

**WILMINGTON HARBOR.**  
APPROPRIATION IS OPPOSED.  
BY DIRECT WIRE TO THE TIMES.  
WASHINGTON, Dec. 6.—[Exclusive Dispatch.] An attempt will be made to have incorporated in the Harbor and Harbor Appropriation Bill, now being prepared, an appropriation of \$100,000 for Wilmington harbor.

Representative MacLachlan does not believe the committee will be willing to make so large an appropriation for that harbor this year, and for some definite reasons, it appears, the same members of the committee opposing an appropriation.

In the statement of the work on Wilmington harbor, made by the chief of Engineers of the army, July 1st, it appeared that there was a balance to the credit of that enterprise of an unexpended balance of \$191,000. This is taken by the Rivers and Harbors Committee to mean that the work upon Wilmington harbor has been very slowly under the administration heretofore made, and to hesitate to make an additional appropriation, while a large unexpended balance remains to the credit of the work.

Three years ago, Congress appropriated money for building a harbor for work in that harbor, and for as the members of the committee can find out, that dredge has not been built yet, and they do not know what has been started.

The engineer in charge of Wilmington harbor, Mr. Cookman, in his report that only \$100,000 has been expended for work in the next fiscal year. With this recommendation in mind, it may be difficult to get an appropriation of \$100,000, but an effort will be made, at any rate.

**VALLEY RECLAMATION.**  
FRAME A PETITION.  
BY DIRECT WIRE TO THE TIMES.  
WASHINGTON, Dec. 6.—[Exclusive Dispatch.] The citizens of the Valley, owning approximately 100,000 acres of land, have joined in a petition to the Secretary of the Interior, asking that the investigations now under way in the Valley be continued and prosecuted with the reclamation service with all possible dispatch consistent with the feasibility of the project in the Valley.

Citizens agree heartily to cooperate with the reclamation service, and proper and fair adjustment of rights, conceding all that is reasonable with equity and fairness to make the project a success. The reclamation service will conduct the surveys and examinations as early as possible, in view of all the work that is to be done, and it is hoped a decision can be worked out and completed at an early date.

**WAL WARDEN DECLINES.**  
NOT DISBURSE PENSIONS.  
BY THE ASSOCIATED PRESS.—A.M.  
WASHINGTON, Dec. 6.—[Exclusive Dispatch.] Mr. Warden, United States District Attorney for the Western District of Missouri, has been ordered by the Commissioner of the General Land Office to disburse the pension of a certain settler. The place was made vacant by the retirement of Mr. Warden, whose pension was to take effect January 1st. Mr. Warden was strongly endorsed by the pension commission, but did not desire the appointment.

**THE CONGRESS.**  
CLOSING SESSION.  
BY THE ASSOCIATED PRESS.—A.M.  
WASHINGTON, Dec. 6.—SENATE.—Continued after the convening of the House, the Senate adjourned today, constituting the committee to report on the President's report, and to immediately communicate with the House through a message in writing.

Before the message arrived, Mr. Pennington and Mr. Lodge presented the credentials of Messrs. Knox and Crane, newly-appointed Senators from Pennsylvania and Massachusetts, respectively, and the oath of office was administered to them.

THE WEEK'S RECORD.

The following figures show each day's circulation of The Times for the week ended Dec. 3, 1903 and 1904. The gain for the week over the corresponding week last year was 9640 copies. It is a larger circulation than the aggregate number of papers printed by any two of The Times' local rivals and nearly reaches the combined figures of any other three Los Angeles papers.

	1904	1903
November 27.....	57,300	54,800
November 28.....	56,000	55,100
November 29.....	56,150	54,500
November 30.....	56,290	55,200
December 1.....	56,220	55,400
December 2.....	56,300	54,640
December 3.....	56,190	54,800
<b>Total.....</b>	<b>275,280</b>	<b>268,640</b>

Gain in the year 9640 copies.

These figures are not stuffed with any number of free sample copies printed and distributed for the purpose of making a bogus circulation claim.

The growth of the Times circulation has for years regularly kept pace with the rapid growth of Los Angeles.

The conclusion of the reading, there was loud applause from the Republicans in the House. The message, on motion of Mr. Payne, was referred to the Committee on the Whole House on the State of the Union, and ordered to be printed, after which the House adjourned.

**PRESIDENT'S NOMINATIONS.**

Attorney of the Mint: Joseph W. Milson, Denver.

SIDE TALKS BY THE OFFICE BOY

The boy gave me a little book to read. It's entitled "A Message to Garcia." It's about McKinley wanting to send a letter to Gen. Garcia, who was somewhere in the mountains of Cuba. Some one said to the President, there is a fellow by the name of Rowan who will find Garcia for you if anybody can. Rowan was sent for and given a letter to deliver to Garcia. It tells how he took the letter, sealed it up in an oil skin pouch, strapped it over his heart, landed in Cuba, at night after four days on an open boat, disappeared in the jungle, and in three weeks came out on the other side of the island, having traversed a hostile country on foot and delivered his letter to Garcia.

The point of the story is, he did not talk back and ask a lot of questions; he just went and did the work. That's the way we run our stores, we go ahead and attend to our business. We don't worry about whether it's going to be a wet winter, or whether it's a hot one. We buy lots of goods, for we know thousands of people depend upon us for their underwear. Hosiery, Hats and Clothing, and we're not afraid. What's the use of borrowing trouble?

Test Your Kidneys

Thousands of Men and Women Die Every Year of Kidney Disease Because They Don't Know in Time They Have Got It.

The only way to keep watch of your health is to test your kidneys at least once a month. Just let a tumbler of morning urine stand 24 hours, and if it becomes cloudy, or particles float about in it, or if a reddish-brown sediment forms, it is positive proof that your kidneys have been diseased for months and are utterly unable to do their work, and unless you get medical aid, you will develop diabetes, uric acid and blood poisoning, with fatal results, will surely follow.

## THE CITY IN BRIEF.

### NEWS AND BUSINESS.

#### Another Wholesale Building.

K. W. Davies has obtained permission to erect a four-story brick warehouse building at No. 215-217 Los Angeles street, at a cost of \$12,000.

#### Caucus This Morning.

Southern California State Senators-elect and Assemblymen-elect will meet in caucus at 10 o'clock this morning at the Chamber of Commerce. Legislation in the interests of Southern California will be suggested and discussed.

#### Painters Fall.

W. H. Wallace of No. 1230 South Flower street and W. H. Waggoner of No. 241 Arroyo Seco street, painters, fell from a scaffold where they were working on College street yesterday, sustaining serious injuries about the backs. They were brought to the Resolving Hospital.

#### Promotion.

W. H. Workman, Jr., son of City Treasurer "Uncle Billy" Workman, left yesterday for Seattle, Wash., where he has been appointed assistant manager of the Seattle-Tacoma Power Company. Mr. Workman was formerly an official of the Edison Electric Company of this city.

#### Tried Suicide.

H. Henry, a laborer of No. 125 Anna street, tried to commit suicide in Eastlake Park yesterday afternoon by shooting himself in the head with a revolver. Henry was found by Sgt. McKee and sent to the County Hospital. The bullet lodged in the right side of the head and the condition is critical. Henry would give no reason for his act.

#### Fire Scare.

Fire of unknown origin broke out in the residence of A. Bradstreet, No. 601 Schlesinger street, at 9 o'clock last night and burned for about 15 minutes. The house was completely enveloped in flames before the arrival of the fire department. Three alarms were turned out for the same blaze. Only quick work on the part of firemen saved several adjoining houses. The loss amounted to \$4,000.

#### Southeastern Investment.

P. M. Cissell has transferred to Allen B. Smith, through a mortgage conveyance, 32,185 feet on the northwest corner of San Pedro and Sixth streets, with a frame dwelling, consideration named, \$17,000. A. P. and D. P. Chipman have sold to E. S. Rowley, 38,236 feet on the southeast corner of Fourth street and Central avenue, with small frame building; consideration named, \$14,500.

#### For Christian Workers.

"How to introduce a soul to Christ" will be the topic of an address by Rev. Howard W. Pope, before a class of Christian workers in Central Presbyterian Church, on Hill street, between Second and Third, on Thursday evening. These meetings have been arranged by the Christian Endeavor Union of the city and are open to all who wish to attend. W. S. Newton will sing.

#### Struck by Switch Engine.

C. F. Menzel, an expressman, of No. 422 South Hill street, was taken to the Resolving Hospital at 10:30 o'clock last night suffering from concussion of the brain sustained in an accident at Redondo avenue and North Main street. Menzel was driving along Main street when his wagon was struck by a Southern Pacific switch engine and smashed. He was thrown out, alighting on his head. The horses were unhurt.

#### Deadly Chambermaid.

Mrs. Guller, a chambermaid at the Fremont House on Core's avenue, was taken to the Resolving Hospital yesterday afternoon suffering from numerous cuts and bruises which she said were sustained in an altercation on the avenue. According to the woman's story, she was taken by one Bill Brown, and a woman named Bennett and was choked nearly into insensibility. The affair seems to have been the outcome of a family quarrel.

#### Walter Accused.

Albert M. Pelletier, a waiter employed at the Imperial Cafe, was arrested at the depot last night by Patrolman Matukiwig, as he was about to board a train for the north with \$25 in his pocket which is alleged to be the property of a brother waiter, Fred Grafenstein, the complainant. He alleges that he gave Pelletier his purse containing \$25 to keep for a few minutes while he went out to make a call on a friend. When he returned Pelletier was missing.

#### Body Not for Science.

The middle-aged man who wanted to give his body to science has been given to the grave instead. A few days ago, Dr. Forest Atkinson, about 45, was found dead in his room; among his belongings was a request that his body be given to one of the local colleges. His brother-in-law, D. S. Emmons, of No. 123 North Broadway took charge of the body at the residence, however, and the remains were buried yesterday at Rosehill Cemetery. The family could not bear the suggestion of such a disposal of the body as its former occupant had desired.

The President expresses the belief that it is often wise or necessary for workmen to form unions, and that "encouragement should be given to such organization, so long as it is for the benefit of the workers and in regard for the rights of others." When labor unions are conducted legitimately, for legitimate purposes, they are entirely within their rights. But, declares the President, "when any labor union seeks improper ends, or seeks to achieve purposes, or to influence all good citizens, and more especially all honorable public servants, must oppose the wrongdoing as resolutely as they would oppose the wrongdoing of any great corporation. The President further says: "The Government is not to be expected to be a party to any unfair and unjust practices, and it is the duty of the Government to protect the rights of the citizenry in the trade of the Orient."

Keep it strong against danger and encroachment, and above all his sturdy, uncompromising Americanism. He was lastingly the strong figure of the immortal Virginian.

As our forebears, in the days of the fifth President, clasped hands in friendship and good-feeling so, it seems, are we of this time and generation to do so, little by little, as well. There is much to be done that can better be done with every assist-

P.S.—The voters, and the newspapers and the scores of strong business men of the city, have done well to give him the reputation and his standing and that of some of his friends—these may be claimed as the result of the little to do with this election; it is a mean trick to rob me of the credit.

Eddie says so himself. Eddie helped me to get the little thing done, and he called him The Town Bull and me the Village Cat. I ain't a cat. I am a great, big, strong, powerful fellow.

## CARNEGIES CHANGEABLE.

No Conference With Federal Officials Develops.

At First, Said He Would Look at Chadwick Notes.

Developments Leave Oberlin Banker a Wreck.

(BY THE ASSOCIATED PRESS.—P.M.)

NEW YORK, Dec. 22.—The expected did not happen tonight in the Chadwick case and all the predictions proved at fault, when at a late hour, it was announced that no conference between Federal officials and Andrew Carnegie had been held at the latter's home.

This turn was surprising, for Carnegie had announced in the course of the day that he would be glad to receive a Federal officer and it was supposed that F. F. O'Dham, representing the Controller of the Currency, would meet him tonight and that the matter of the notes alleged to have been given to Ira Reynolds of Cleveland, and said to bear the name of Andrew Carnegie, would be discussed.

As unexpected as the news that no conference was held was the departure of Mrs. Chadwick from the Holland House, where she had resided, for the New Amsterdam Hotel. She was accompanied by her son and a maid and took with her some baggage. Secret service men who had been at the Holland House for several days followed her.

Andrew Squire, a Cleveland attorney representing Ira Reynolds, made the announcement tonight, after several conferences with Receiver Lyons. O'Dham and others, that he believed there would be no further developments before tomorrow, and also said that O'Dham had returned to Washington. This announcement was the first indication that there would not be a meeting at Carnegie's home tonight.

MRS. CHADWICK PAINTS.

(BY THE ASSOCIATED PRESS.—P.M.)

NEW YORK, Dec. 22.—As soon as Mrs. Chadwick's car left the Holland House tonight secret-service men took other vehicles and drove after her. At the New Amsterdam Hotel she was helped into a room on the second floor, where she remained. After some five minutes the woman was able to walk again, and, according to her son, she went to the elevator and was shortly before midnight. Mrs. Chadwick's son went to the public telephone and called up Dr. Albertus A. Moore. He asked the physician to hurry as once to his mother, who, he said, was very ill.

Dr. Moore's later report: "Mrs. Chadwick is suffering from nervous prostration, the result of her removal from the Holland House to this hotel and being followed by secret-service men and reporters."

One of the hotel clerks said the son had told him his mother was in a critical condition.

MORE SENSATIONS.

(BY THE ASSOCIATED PRESS.—P.M.)

NEW YORK, Dec. 22.—Andrew Carnegie said today that he had nothing to add to his previous denials of the signatures of the notes attributed to him. He said that he had not seen Receiver Lyons or any one else connected with the case, and that what were the latest developments, and learned them with apparent interest. He said he would be glad to see Lyons, or any one else connected with the affair.

The startling admission by President Beckwith of the Citizens' National Bank of Oberlin, O., that he and Cashier Spear of that bank had induced Mrs. Chadwick's notes to the amount of \$1,200,000, and that they bore what purported to be the signature of Andrew Carnegie, has astonished the New York lawyers representing the various interests involved in the case.

At the Holland House, where Mrs. Chadwick has been living, it was expected further sensational developments would be disclosed upon the arrival from Cleveland of Frank Lyons, receiver for the Citizens' National Bank of Oberlin. It was announced that he left Cleveland last night, carrying with him the notes on which it is alleged Andrew Carnegie's name appears. Lyons's mission a thought to be to consult with Carnegie with regard to the notes.

Mrs. Chadwick rose early at the Holland House and sent for all the morning papers. Philip Carpenter, her counsel, called shortly after 9 o'clock, and was in conference with Mrs. Chadwick about an hour. He would say absolutely nothing about the Beckwith statement. He said he had told Mrs. Chadwick she need have no fear of arrest.

Ira Reynolds of the Wade Park Banking Company, Cleveland, arrived here today, accompanied by his attorney, Andrew Squire. He went to the Waldorf-Astoria, where he had left there shortly afterward for another hotel.

Lyons, receiver of the Oberlin bank, arrived in this city today, accompanied by F. E. O'Dham, a lawyer of Cleveland, county attorney, and a member of the United States Controller's office at Washington, and L. K. Whitney, a builder of Oberlin and a depositor in the Oberlin bank. Lyons would neither affirm nor deny that he had with him the notes for \$1,200,000 bearing the name of Andrew Carnegie. He declared his business was not with Carnegie.

Attorney Squire of Cleveland, who represents Ira Reynolds, and O'Dham, representing the Controller of the Currency, had a conference this afternoon, at which it was decided that O'Dham should call on Mrs. Chadwick at the Holland House, where they saw Mrs. Chadwick.

RECEIVER LYONS'S TRIP.

(BY THE ASSOCIATED PRESS.—P.M.)

CLEVELAND (O.) Dec. 22.—Receiver Lyons admitted today that he had the tangible assets of Mrs. Chadwick which have come into his possession are comparatively small value.

Great interest is manifested here in the possible results of the trip of Receiver Lyons of the Citizens' National Bank of Oberlin. Lyons arrived with him the two notes for \$200,000 and \$800,000 to which Carnegie's name is signed. Lyons went to New York with the determined purpose of personally interviewing the Controller of the Currency, Mr. Squire, who represents Ira Reynolds of the Wade Park Banking Company and Director Whitney of the defunct Citizens' Bank.

Strenuous efforts on the part of all concerned are being made to settle the case. This was made manifest immediately after the arrival of Messrs. Frank Lyons, receiver of the Citizens' National Bank of Oberlin, J. J. O'Dham, representing the Controller of the Currency, Mr. Squire, who represents Ira Reynolds of the Wade Park Banking Company and Director Whitney of the defunct Citizens' Bank.
